

## Nature's Logic Food Is:

- Family owned in Lincoln, NE, started in 2006, NEVER had a recall
- First full line of pet food with NO synthetic vitamins (vitamin packs), minerals or amino acids
- All of our ingredients come from 100% REAL WHOLE food
- Complete and balanced nutrition for all life stages, sizes and breeds
- We use Millet, a GMO and gluten free grass seed free of common allergens - NO wheat, corn, soy, rice, potato or MSG
- Millet is very low in sugar. Lower than potatoes, sweet potatoes, peas and tapioca which are common ingredients found in "grain free" diets
- We use GMO free fruits, veggies, seeds, nuts and grasses
- All fruits & veggies are sourced in the USA
- Packed with high quality proteins - what carnivores thrive on in the wild
- K9 kibble is approximately 55% meat on a dry matter basis
- Feline kibble is approximately 65% meat on a dry matter basis
- Canned & Raw diets are 95% meat and grain free
- Nutrient dense and highly digestible - pets utilize more nutrients and produce less waste, reducing cost per feeding
- Multiple proteins for easy rotation - helps reduce risk of allergies, don't have to transition between diets
- No carrageenan, guar gum or xanthan gum in cans
- BPA free, 13.2oz dog and 5.5oz cat cans
- Taurine in cat food - is found naturally in organ and muscle meat as well as blood - it is a natural ingredient in our food, not an additive/synthetic
- Manufactured in USDA & AIB certified plants:
  - Kibble - Pawnee City, NE
  - Cans - Emporia, KS
  - Treats - Omaha, NE
  - Raw - Pleasant Prairie, WI
- Sourced in the USA, New Zealand, and Europe - countries with safe food practices - no ingredients from China
